Profiles

📌 [Vishnu-11124](#)

Summary

● I'm a passionate and detail-oriented Junior Software Developer with real-world experience building full-stack web applications using the MERN stack. I've worked in Agile teams and value collaboration, continuous learning, and solving real problems through clean, efficient code. I'm always eager to take on new challenges and grow as a developer.

Experience

● Zidio Development

Web development Intern

Bangalore

March 2025 - July 2025

- Developed a full-featured **e-commerce web application** for T-shirt sales using **MERN stack** (MongoDB, Express.js, React.js, Node.js).
- Implemented **responsive UI components** using **Tailwind CSS** and **React**, ensuring a seamless experience across devices.
- Followed **Agile methodology** with weekly sprints, daily standups, and sprint reviews for continuous delivery.

Education

● Chinmaya Institute of Technology

Computer Application

MCA

August 2023 - July 2025

🔗 <https://www.chintech.ac.in/>

Projects

● Teebliss

T-shirts selling web application.

March 2025 - July 2025

“TEEBLISS” designed for the online sale of T-shirts catering to men, women, and children. The platform offers a user-friendly interface where customers can browse a wide variety of T-shirts categorized by gender, price & design. The system integrated with essential e-commerce functionalities including user registration, secure login, product search and filtering, shopping cart management, order processing, and online payment integration.
